

BH-ECM

EC type cable marker

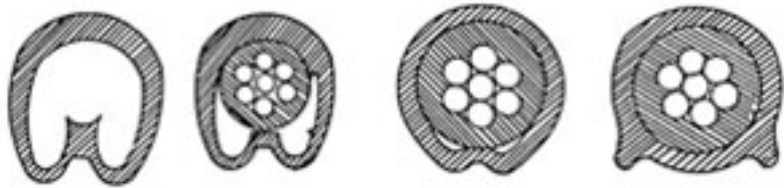

Features/Applications:

BH-ECM EC type cable maker fits various cable diameters and retracts to hold wires firmly in position. It is made of finest soft grade, strong, durable PVC that will resist oil, grease, acid abrasion and chemicals. Heat resistant up to 85° C. Concave inside the cable maker with elasticity. The inner diameter can flex along with the wire size.

- EC type cable marker features high quality flexible interior to fit various cable diameters.
- The markers stay attached on a roller and can be despatched easily when needed.
- Bold print on yellow body to show your codes distinguishly. Any numbers can be composed by arranging letters and numbers in sequence to provide the necessary codes.
- To be fitted before the terminal is attached or solder connection made and grip cables firmly in position.
